

"Healing happens one-on-one — never on a clock set by someone who's never met you."

About your therapist

Nilaxi Tailor brings over 15 years of clinical experience to V Heal, with a Master of Science in Kinesiology and certification as a COMT (Certified Orthopedic Manual Therapist). She is trained in Pediatric NDT and Sensory Integration, and treats every patient one-on-one, tailoring care to the person — not a protocol.

Let's talk about your care

We're happy to walk you through pricing, superbills, or what a session actually looks like — before you ever book.

COMMON QUESTIONS

What patients ask us first

"Isn't cash-pay more expensive?"

Often it's the opposite. Without insurance authorization limits, you typically need **fewer, longer, one-on-one sessions** — which can cost less overall than co-pays stretched across months of visits.

"Can I still use my insurance?"

Yes. Many PPO plans reimburse out-of-network care. We provide a **superbill** — a detailed receipt — that you submit yourself for possible reimbursement.

"Why does V Heal work this way?"

Cash-based practice means treatment decisions are made by your therapist and you — not by what a plan authorizes. Every visit is full-time, one-on-one with your PT.

"What if I have a high deductible?"

If you haven't met your deductible, you're likely paying full price through insurance anyway — often at a higher negotiated rate than our direct rate.

Cash-Based PT, Clearly Explained

Understanding your investment in care — and how insurance reimbursement fits in.

INSIDE: the real cost comparison · how superbills work · questions to ask your insurer

V HEAL PHYSICAL THERAPY SERVICES

THE COMPARISON

Cash-pay vs. insurance-based PT

Both models can lead to good outcomes. The difference is **who controls your treatment plan**.

	CASH-BASED	INSURANCE-BASED
Session length	30–60 min, one-on-one	Often shared w/ aide, shorter 1:1 time
Who decides plan	You & your PT	Visit caps set by insurer
Visit limits	None — based on progress	Capped by authorization
Paperwork	Minimal	Referrals, prior auth, denials
Cost transparency	Flat, known rate upfront	Co-pay + deductible, often unclear until billed

REIMBURSEMENT

Getting reimbursed: the superbill path

Superbill — an itemized receipt with diagnosis & treatment codes that you submit to your insurer for out-of-network reimbursement.

- 1

You pay V Heal directly

At time of service, at our transparent session rate.
- 2

We provide your superbill

Includes CPT & ICD-10 codes, dates, and provider NPI.
- 3

You submit to your insurer

By mail, fax, or your insurer’s online portal.
- 4

Insurer reimburses you

If you have out-of-network PPO benefits, per your plan’s rate.

BEFORE YOU BOOK

Questions to ask your insurance plan

Call the member services number on your card and ask:

- ✓ Do I have **out-of-network** physical therapy benefits?
- ✓ What percentage is reimbursed after my deductible?
- ✓ Have I met my deductible this year?
- ✓ Is there a session or dollar cap per year?
- ✓ Where do I submit a superbill — mail, portal, or app?

Good to know — we can't guarantee reimbursement amounts; that depends on your specific plan. We're glad to help you read your benefits summary.
